JESSE M. HAWKINS, Clerk

Circuit Court, Iron County, Mo.

THOSE thirty-seven Senators will have to reckon with the people, and will not be so chipper when that day of reckoning comes.

HAPPY the man whose income is below the tax requirement. He is spared a lot of wrestling with "instructions," facts and figures.

YOUR fanatical churchman seems to think that God cannot make himself felt without He have due recognition in the statute book. In other words that Caesar is necessary to His majesty and power in matters spiritual.

REPUBLICAN filibusters in the Senate won a great victory when they prevented the enactment of \$3,000,000,000 of appropriations in the last days of the Sixty-fifth Congress. They defeated the hopes of thousands of soldiers and sailors for whom the Administration was attempting to provide homes on reclaimed land. How will these fighters take this "defeat"—the first that American doughboys have experienced?

THE press dispatches from Jefferson City tell us that the bone dry bill endorsed by the Anti-Saloon League was up in the senate, but re-referred to committee. The committee sent it out without recommendation. It is probable that the bill will be redrawn and some of the more drastic features removed. The measure carries the search and seizure clause. I am waiting to see whether the Representative from Iron county will give his approbation to this home-spying measure.

WHAT manner of Americans are those who, for partisan purpose, are belittling the President and fighting the League of Nations? Down in their hearts they must convict themselves as untrue to the ideals which good people cherish for the civilization and betterment of mankind. No man, not gangrened with partisanship, questions the integrity, the intelligence or the unselfish purpose of President Wilson. He is striving to so adjust matters "over there" that the American boys who made the supreme sacrifice shall not have done so in vain.

AND now we are told that the use of country school houses for public meetings will be available in the event of a measure which provides that they "shall" instead of "may" be used for such purposes, passes. Herebefore the use of public school buildings for any outside purpose could be allowed only by a vote of the residents of the district. But these progressive days we are taking power from the home people and lodging it "higher up." O, Home Rule, thy day is done and thy pernicious restrictions are left only a memory of a cruder age.

Des Arc Items.

We are having fine weather, and everybody has made garden.

We were sadly surprised when we received the message announcing the death of our dear niece, Mae Collins, at Ironton. She was well known and one of the best bookkeepers and salesladies in the country. At one time she was bookkeeper for White & Co. at Marquand, one of the largest retail stores in Southeast Missouri; she did their buying, too, and was with them several years. She had returned home to take charge of her father's store, was taken sick and lived only a few days. May God bless the broken-hearted father, mother, sisters and brothers. She was buried at Ironton, although we expected she would be laid to rest in the Des Arc cemetery, as she has a brother buried here.

We were also very sorry to hear of the death of Brother Wm. Hughes. He lived with us eight or ten years and they still have a home near here.

He was a member of the Baptist church and carried our mail to Brunot and Jewett for eight years. We sympathize with his dear wife and son.

We have a lot of sickness here at this time. Dr. Farr is riding night and day.

I am on my feet again but quite feeble. Dr. Geo. Toney of Piedmont has been to see me five times. I think I will be out and at myself this week. Dr. F. Farr left for Nebraska this week.

Green Brooks has bought Pink Powers' home and moved here. We welcome him and his family. He is a perfect Christian gentleman.

We are doing nothing on our proposed roads. The Brunot road should be built first, for two-thirds of our trade comes from that country.

Rev. Patterson has resigned as pastor of the Baptist church here. Bro. Bone of Piedmont takes his place.

Wm. Stevenson has moved to College Hill.

We received a letter from our son, C. S. Fitz. He thinks he will be home about May 1st.

Mrs. Geo. W. Morris of Farmington visited her parents here Sunday, returning home Monday. ISAAC.

Condolence to Mrs. Hughes and Son.

DES ARC, Mo., April 5, 1919.

We, the members of Frances Willard W. C. T. U., wish to extend our love and sympathies to our sister, Mrs. Jennie Hughes, and to Paul in their sad bereavement—death of husband and father. May God bless and keep them and bind up their wounded hearts. Brother and Sister Hughes, though not members of our Union, were always ready with kind words and financial aid. They were dearly loved here.

Annapolis News.

Most of the sufferers from influenza in this community have about recovered, but the disease has left a few people very weak.

One of the big guns of the Annapolis Lead Mining Company was here from St. Louis the past week, and left a smile on the faces of our workmen by announcing that something will be doing here soon in the way of sinking a shaft to the mineral from three to five hundred feet under ground, on the prospect one mile northeast of town.

Thomas Farmer and wife of Hyatt's creek, Reynolds county, were in town Saturday. Mr. Farmer tells me that his son who died in France October 1st, 1918, had a policy for \$1,000 in the Modern Woodmen which has already been paid. He also left his father and mother each \$5,000 insurance allotment.

Mrs. Dicey Kitchell and children have about recovered from the influenza. The Squire is better, too, but is almost crippled from two painful callouses on his right foot.

Peach trees are in full bloom and the prospect for fruit of all kinds is good.

Hartford Collins and family of Annapolis attended the funeral of his sister, Miss Mae, in Ironton last week. The correspondent sympathizes with the bereaved family.

All of the defendants who were sued for possession of the Calimere tracts and parcels of land have signed up leases for two years, free of charge, and the cases will be dismissed at the April term of circuit court at plaintiff's cost.

J. B. Daniels, attorney from Piedmont, was in Annapolis Saturday on legal business. He went from here to Pototsi.

Dr. Gale of Bismarck was called here by Robert Lewis of Bear Branch to see some members of his family who are sick with influenza and pneumonia. They are improving.

A couple of the Tuckers from Piedmont were in Annapolis Saturday settling with Judge Add Reese for a handle factory they purchased from him and Brooks some time ago. They informed your correspondent that they gave Mr. Reese a check for \$1500.

Some of Hon. J. H. Keith's clients fear that he will not get home from Jefferson City in time to look after their business at the April term of circuit court.

Ben Johnson of St. Louis is visiting relatives here. He is working for the Red Cross at \$3 per day.

I was sorry to hear of the death of Wm. Hughes at Ironton and sympathize with his family.

John M. Kelley of Minimus is visiting his son, Lucien, in Poplar Bluff, and taking medical treatment there. His health is improving.

It is rumored that John W. Hampton has purchased a half interest in Sam Moss' saw mill in Annapolis.

John W. Alcorn, after moving his saw mill on C. Mann's farm, with the expectation of getting the timber on the Gustave Steimel lands, near Annapolis, was notified the other day by a stranger not to cut any of the Steimel timber. It is believed some one is trying to play a joke on Mr. Alcorn as Mr. Steimel, of St. Louis, who owns the land, is known to be a man of his word. However, Mr. Alcorn will make an investigation before proceeding. BULLETIN.
